## Relax!

Need a weekend getaway from the city hassles? Or a peaceful place to retreat in the evenings after long days on the job? Relax—you've found Sycamore Knoll.

Sycamore Knoll is a fully restored 1886 mansion with all the modern conveniences, located on a sunny green hill near the White River in rural Noblesville, Indiana. The four-acre beautifully landscaped estate features an orchard, a large deck and patio area, and shady mature trees with lots of peace and quiet for naps and relaxation.

We're rural enough to hear the crickets and see the stars at night, yet convenient to US 37 only a few miles from local attractions such as Connor Prairie and the Verizon Music Center.

It's a two-mile drive into downtown Noblesville, a charming town featuring many antique shops and fine restaurants. Indianapolis is an easy 15-minute drive away as well.

## Pamper Yourself

Bibliophiles will enjoy our guest library, with comfortable leather reading chairs and hundreds of books. Media buffs may prefer the guest TV lounge, including VHS movie library and satellite dish with over 200 channels.

If you visit during the summer months, stroll through our orchard and perennial gardens. A comfortable deck chair is the best place to watch the constant parade of bird life come and go at our feeders. And at Potter's Bridge Park, only one mile away, you'll find a three-mile walking trail that winds through the forest along the White River.

## Guest Rooms

Being travel enthusiasts ourselves, we know how important it is to have a good night's sleep, so we make sure that all our rooms have the best in bedding and linens. You'll enjoy luxurious pillow-top mattresses with firm support, 100% cotton sheets, and cozy quilts and comforters.

The **Hospitality Suite** features a queen-size bed and an attached private bath with a whirlpool garden tub perfect for soaking the day's tensions away.

The **Orchard Suite** is an extra-large room with a lovely bay window. It has a queen-size bed and its own private bath with tub and shower. For families and friends traveling together, it has an optional extra bedroom.

## What's Cooking?

Do you get hungry in the evenings? Complimentary soft drinks, chips, and other snacks are always available, as is bottled water. There is a guest refrigerator for chilling any beverages you may want to bring along, and we will be glad to provide wine glasses upon request.

In the morning, it's your choice: a light continental breakfast of fruit, muffins, and juice, or a full-sized meal featuring the special of the day, which may include our famous stuffed French toast or homemade buttermilk biscuits and sausage gravy. Special dietary needs? Just let us know in advance.
